About Us

Shelter Structures' Brand Introduction

Shelter Structures was founded in 2003 and has evolved into a global leader in the temporary structure industry over 20 years. With a mission to pioneer sustainable development in assembled structures, Shelter Structures has made significant strides in innovation and product development. Nowadays, we supplied tents all over the world and has supported the Olympics, Benz, BMW and many major events and international corporations

Advantages of Shelter Structures

Notable Projects Worldwide

At the same time, we are expanding into emerging markets, such as glamping sites for cultural tourism and intelligent electronic devices. Additionally, **Shelter Structures** has supplied tents for numerous significant events, including:

Technology and Innovation

Shelter Structures has over 20 years of experience in development and manufacturing of assembled structures. Over the years, we have continued to pursue progress in technology and innovation in order to produce higher quality products. Intelligence, high quality and environmental protection are our hallmarks.

Productivity and Scale

Shelter Structures has 3 large manufacture centers with a production area of more than 30,000 square meters. Now, our products are exported to more than 120 countries. Our strong production and delivery capacity effectively meets the global demand.

Worldwide Support

Shelter Structures is committed to providing tent building supply support to businesses and customers worldwide. In the industry of temporary and semi-permanent assemblies, we have become the world's leading producer and have partners all over the world. Today, our tent buildings support a wide range businesses including event, industry, militarily, and glamping businesses.

Professional Service

With an experienced technical team and a professional sales team, Shelter Structures provides you the perfect service during the whole purchase process. From customizing space solution to after-sales service, we are committed to your satisfaction with your tent building.

Brands We Work With

Shelter Structures is dedicated to offering top-tier outdoor space solutions worldwide. With our expertise and commitment, we provide unique, robust, and adaptable tent solutions that enhance user experiences across diverse applications.

SHELTER Structures' Event Tents

Benefits of Shelter Structures' Event Tents

Easy to Installation

Our event tents are made of lightweight aluminum alloy and prefabricated using modular components. It takes generally 5-15 days to set up for your upcoming events.

Ensure Safety and Durability

With high-quality frame and PVC cover, our event tents provide guests from UV damage, rains, and wind. Its flame retardant properties meet international fire safety standards to ensure safety.

Flexible & Personalized Customization

Our event tents are available with a wide range of customization options to suit your requirements. You can customize tent sizes, cover colors and bespoke accessories to complement different event themes.

Designed to Last

Made of durable aluminum alloy and PVC fabric, our event tents are designed for long-term use and investment. The high-quality frame can last 20 years and 5 years for the tarp, ideal for multiple events.

Introduction

Shelter Structures is a leading commercial tent manufacturer with over 20 years of experience in the development and manufacturing of tents. Offering high-quality, innovatively designed, and customizable structures, it enhances various outdoor events. Discover why Shelter Structures is your top choice for your event space solutions.
