MULTI-SIDE TENT

# About Us

## Shelter Structures' Brand Introduction

Shelter Structures was founded in 2003 and has evolved into a global leader in the prefabricated structures industry over 20 years. With a mission to pioneer sustainable development in construction, Shelter Structures has made significant strides in innovation and product development. Nowadays, we supplied tents all over the world and has supported the Olympics, Benz, BMW and many major events and international corporations

# Multi-Side Tents

The multi-side tent is a polygonal shelter with six or more sides, offering enhanced stability and a spacious interior. Made from durable materials like PVC with lightweight yet strong aluminum alloy, multi-side tents are built to withstand tough weather conditions while being easy to set up.

## Features

- Eliminate the need for internal poles or support legs, ensuring unobstructed movement inside
- Utilizing lightweight aluminum alloy and prefabricated modular components allows for quick assembly and expansion
- Adapt to various ground conditions and widely used
- Unique multi-sided design to enhance an eye-catching appearance
- The symmetrical polygonal structure enhances the stability and sturdiness of the overall structure
