# About Us

## Shelter Structures' Brand Introduction

Shelter Structures was founded in 2003 and has evolved into a global leader in the prefabricated structures industry over 20 years. With a mission to pioneer sustainable development in construction, Shelter Structures has made significant strides in innovation and product development. Nowadays, we supplied tents all over the world and has supported the Olympics, Benz, BMW and many major events and international corporations

# Organery Tent

The organery tent is known for its excellent natural lighting and unique, intricate top patterns. Constructed with a steel frame, it has a strong and durable structure that can withstand storms and heavy snowfall. The prefabricated modular design allows for quick assembly and disassembly, making it ideal for temporary shelters. Inspired by classical architecture and modern design, the finely carved top patterns create an atmosphere of elegance and tranquility. In addition, customized services are offered for the tent's pattern styles and designs.
