POLE TENT

About Us

Shelter Structures' Brand Introduction

Shelter Structures was founded in 2003 and has evolved into a global leader in the prefabricated structures industry over 20 years. With a mission to pioneer sustainable development in construction, Shelter Structures has made significant strides in innovation and product development. Nowadays, we supplied tents all over the world and has supported the Olympics, Benz, BMW and many major events and international corporations

Pole Tent

Our pole tent adopts a simple style, with the center poles as the main supporting structure. The tent pole is made of aluminum alloy, which is high in strength, yet light in weight. Therefore, it is suitable for quickly setting up a temporary rest area when camping, effectively protecting against damage from UV rays and remaining stable in winds and heavy rain.
